

GRANT Request for Proposals

AWARD DESCRIPTION

The Glasgow Independent Schools Education Foundation (GISEF) has designated funds to be awarded in the form of Grants during the school year. Grants are intended for strategic programs that are focused on student learning and innovation which creates new learning opportunities.

There is no set funding limit for individual grant awards. As such, awards will be based upon the cleverness of the idea and professionalism of the proposal presentation.

GISEF is seeking grant proposals for programs that would not otherwise be possible through other funding sources, or to expand a program the district currently offers. These funds could be awarded to a single award recipient or split amongst multiple recipients.

AWARD CRITERIA

1. Programs must directly and actively engage students.
2. Priority consideration is given to programs that involve a high percentage of students.
3. Unless clearly stated to the contrary in the grant application, programs are assumed to have at least 2 years of sustainability by the district after the last of the grant money has been used.
4. Programs seeking multi-year funding will be considered. However, grant funding for any single program shall not exceed 3 consecutive years.
5. Program objectives are clearly defined and include metrics from which to measure success.
6. At least one school administrator approves of the program and will sponsor the proposal.
7. If the proposal includes any type of technology (hardware or software), then applicants must obtain statement from Glasgow Independent School District's Technology Department regarding compatibility and support.
8. Applicants can submit Grant proposals simultaneously for the same program at different dollar amounts. However, only one CEF grant will be awarded per year.

GRANT Request for Proposals

Award consideration WILL NOT be given to the following requests:

- Staff positions
- Incentives or awards/rewards for individual students
- Capital improvement projects (i.e. building/facility projects)
- Any project which is fundable through the normal GIS funding and budget process

APPLICATION CRITERIA

Grant abstract proposal form may be completed and turned in to the Central Office at any time. The grant abstract proposal form is included in this announcement. Once selected, Grant finalists will be sent a full proposal application. In addition to completing the full application, finalist will be required to present their proposal to the GISEF Grants Review Committee.

ABSTRACT PROPOSAL SUBMISSION

Grant abstract proposals are to be submitted electronically to Tonya Ross at tonya.ross@glasgow.kyschools.us

Any questions related to Grants are to be directed to GISEF Grant Committee Chairman Bryan Baysinger.
